- Shrink-wrapping prices are per foot and Length Overall.
- \$4.00 extra per foot with mast up. \$10.00 extra per foot if the boat is in the water.

Please remember WE NEED YOUR KEYS to winterize your boat.

I hereby Authorize the above work to be completed by Great Lakes Yacht Services.

Payment Method - CASH|CHEQUE – Payable to Bluffer’s Park Marina|VISA/MASTERCARD/Debit

_____ exp: _____

Signature of approval _____ Date _____

Taxes are not Included. Prices subject to change without notice.

Things to Know and Do!

The weather turns fast so KEYS MUST BE AVAILABLE to our staff and any combos required to access entire boat.

Waste Oil Disposal – Oil can only be disposed of in the Waste Oil Disposal Drums

Before you leave your boat for the Winter

- Ensure any holding tanks and water tanks are pumped out
- Open and clean all drawers and lockers including Bilges
- Cushions should be turned on edge to allow air circulation
- Keep your boat as dry as possible
 - Install a No Damp product sold at our Parts Department
- Refrigerators should be cleaned and left propped open.

Please ensure that engines are accessible and hatches are not covered with items. If there is bad access then the hourly labour rate will apply.

For shrink wrapping we will require your canvas down, which is offered as one of our services. However, it is each customer’s responsibility to ensure their canvas and bars are disassembled and stored safely along with all fenders/holders and lines to allow our crews to work as efficiently as possible at this critical point in the year.
