### Things to Know and Do!

The weather turns fast so KEYS MUST BE AVAILABLE to our staff and any combos required for access

Before you leave your boat for the winter

- Ensure any holding tanks and water tanks are pumped out
- Open and clean all drawers and lockers including Bilges
- Cushions should be turned on edge to allow air circulation
- Keep your boat as dry as possible. Purchase a No Damp from GLYS.
- Refrigerators should be cleaned and left propped open.
